SUNSPHERE

It's immediately obvious that it's a quantum leap in the field of spectral technology. High-performance LEDs only produce the wavelengths desired for a beautiful tan and a gentle tanning experience.

At the same time, aspherical lenses in front of the LEDs guarantee an absolutely homogeneous illumination of the face and décolleté. Progress that is immediately noticeable and, with the P9S, was also implemented in the leg and shoulder areas.

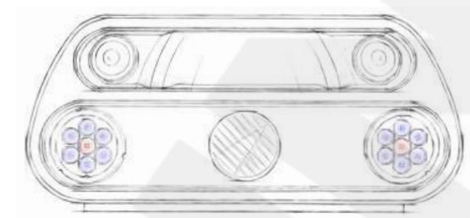

SUN IN BEST SHAPE

140 UVA-LEDs
A beautiful tan just the way you like it. 140 blue UVA LEDs guarantee an optimally dosable direct pigmentation of the face and décolleté.

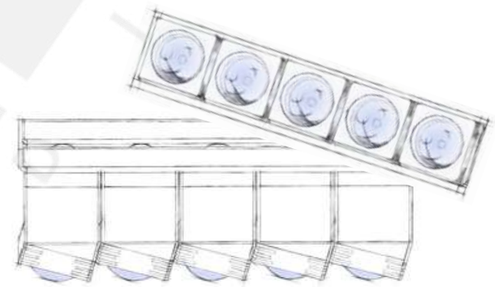

3 UVB SPECIAL LAMPS
The perfectly balanced output from three yellow UVB special lamps builds up new color pigments and vitamin D in your skin.

56 BEAUTY LEDs
With 56 red Beauty LEDs, the P9S provides skin care for the face and décolleté even while sunbathing and stimulates the oxygen supply in the skin at the same time. For a beautiful complexion and a silky smooth skin.

PERFECT SYMBIOSIS

The new SunSphere System consisting of high-performance LEDs and aspherical glass lenses is also implemented in the shoulder area. A spectral combination that guarantees beautiful complexion. The integrated Sound System ensures a brilliant sound experience. And a voice assistant guides through the operating functions.

ATTENTION TO DETAIL

Particularly for an extra-beautiful tan of insteps and shins, the P9S uses special SunSphere components as a world first. Two groups, each with five angled UVA LEDs and aspherical glass lenses, guarantee excellent tanning results.

*only for LED-Components

BEAUTY BOOSTER HYPERRED

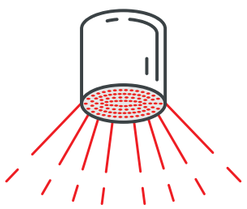

With the help of a new chip set and an improved lens we've improved the effectiveness of our Beauty Booster by a further **16%**. In addition to an **increase in performance**, we've also succeeded in optimising the illumination image by means of special diffusing lenses. This advance is now available in **all current megaSun solariums and collariums** and guarantees an optimal result.

KBL GmbH

This price list is valid from 07/2020.

All price lists issued prior to this date are no longer valid. The prices listed (in Euro) represent the prices for end customer. They are based on the quotation ex works Dernbach. We reserve the right to any technical or design modifications as well as changes in price and delivery. All KBL prices stated do not include any timer systems.

Exports and operation of KBL products listed in this catalogue to the USA or Canada are not permitted. In this case KBL does not accept any manufacturer liability. It is explicitly pointed out that any violation of this provision will involve substantial liability risks for the exporter and/our operator.

Technical equipment and design of tanning beds are in accordance with the statutory provisions of the respective country of destination.

For a period of 24 months, KBL GmbH ensures that the units at the time of delivery are not affected with any mistakes which may cancel or reduce the value or the capability for ordinary use (wear parts such as tubes, facials, starters and acrylics are excluded).

All deliveries are based on our current General Terms and Conditions.

ACS: controls – depending on the room temperature – the intensity of the ventilation and thus the noise level.

Air Condition: The high-performance air conditioner guarantees a pleasant cooling sensation during the tanning session.

Aqua Cool: Refreshing and revitalizing water mist from two special, drip-free jets.

Aroma: The air can be aromatized during tanning on request.

Beauty Booster HyperRed: Extra-intensive beauty light for beautiful skin and a soothing feeling.

Bluetooth: Simply connect the smartphone with the solarium via Bluetooth. And listen to a personal playlist while tanning.

bodyCool: The innovative allround ventilation including four separate air supplies ensures an incomparable gentle airflow.

bodyFan: A gentle breeze for a pleasant and cool tanning experience.

colorMotion: Innovative LED technology, thrilling you with emotions. Choose your favourite color with a touch remote control.

colorMotion plus: Dynamic lights for the chassis. Choose your favourite color with a touch remote control.

cpi Energy: Less energy consumption, more power and longer lifetime of the lamps; all current UV standards can be set on the display by only one click.

Easy Control: Easy-to-use operation of all key functions during the tanning session. Clearly structured and intuitive.

electronic Power: Electronic ballasts which considerably reduce energy consumption (33%) and the weight of solariums by nearly 100 kg.

Facial System: Facial tanner with specially coated filter glasses and aluminium reflectors. Maximum tanning comfort for face and décolleté.

Glass Facial System: Facial tanner with specially coated filter glasses and glass reflectors. Maximum tanning comfort for face and décolleté.

Intelligent Control System: Intuitive function control for customers before the tanning session. Easy access to maintenance and service settings for operators.

Light Select: Number of low pressure lamps. Option to select (if available) one of the perfectly balanced spectral combinations: hybridSun, extraSun, smartSun, beautySun and pureSun.

Matrix Lightshow: Over 2.400 special LEDs for extraordinary light animations in shape and color.

Mega Voice: A pleasant voice guides quickly and easily through the solarium's operating functions. Wellbeing is guaranteed right until it's time to say goodbye.

preSelection: User-friendly display mounted outside the solarium/Collarium®. You can choose your level of wellbeing right before the tanning session.

Sonne wahlweise: Choose to use the UV-lamps or turn them off (Collarium® exclusive).

Sound System: The integrated Sound System ensures a brilliant sound experience for a relaxing tanning session.

SunSphere Facials: A quantum leap in the field of spectral technology ensures perfect tanning results and a beautiful compexion.

SunSphere Legs: Two groups, each with five angled UVA LEDs and aspherical glass lenses, guarantee excellent tanning results for insteps and shins.

SunSphere Shoulders: High-performance LEDs and aspherical glass lenses deliver incredible performance in the shoulder area.

vibraNano: Alternating pivoting plate for your quick workout during the tanning session.

Video Player: Tutorials guide your customers into a shortbreak and you have the option to import customized videos with advertising messages.

Wireless Charging: Simple, cableless charging of all suitable smartphones during tanning sessions.

X-tra Tan: Even and intensive tanning in the shoulder area through modern high-pressure systems.
